Design

Our in-house Event Designer will bring together your full floral design and other elements to personalize your preferred choice of our Design Themes. She will work with you to enhance the grounds, select focus areas for embellishment, introduce signature pieces, make fabulous style choices and incorporate select personal items.

Floral & Design Costs: The designer's floral and other design choices are covered in the package fee, including ceremony decoration, wreaths or swags in the barn, bouquets, boutonnieres, table decoration and centerpieces. She will advise you if exceptional design plans incur extra costs.

Party Pantry: ...something borrowed. Select items from our event storage such as candles, vases, mason jars, lights, easels, lanterns and signage to help complete your vision.
